

Digital Skills

# AI Deep Research for Business and Governance

## Course Details

### Price

£155.00

### Length

2 hours 30 minutes (09:00-11:30)

## Course Overview

This practical session introduces AI-powered “Deep Research” tools that can analyse large volumes of information and produce structured research outputs in minutes.

The course is particularly relevant to due diligence, policy development, strategy, governance and public sector work.

## Course Content

Delegates will learn how AI research tools work, what they are good at, and where their limitations lie.

Live demonstrations show how AI can support research tasks, while strong emphasis is placed on validation, source checking and human oversight.

**Flexible learning that works for you**

E:admin@gta.gg | T:224570 | W:gta.gg

Proudly part of  
 THE GUERNSEY INSTITUTE

## Benefits

Delegates leave with a clear understanding of how to use AI research responsibly and defensibly rather than blindly trusting outputs.

## Next Steps

If you would like to book a place on this course, please click on the 'Book Course' button to the right of this page and login or register for a user account to complete your booking(s). Any queries please do not hesitate to contact us via [admin@gta.gg](mailto:admin@gta.gg) or call us on 01481 224570.

If no date is scheduled for this course at the present time please click on the 'Register Interest' button and login or register for a user account so that we can add you to our course interest register. This register allows us to contact our tutors and finalise dates for a course as soon as we have a few people who have expressed their interest, so the more delegates who register their interest, the sooner we can schedule a particular course.

## Course Tutor

### Ian Campbell

Ian Campbell - Tech Entrepreneur and Non-Executive Director - Ian is an experienced executive known for his leadership roles across various sectors, particularly in technology and telecommunications. His career is marked by a consistent focus on driving growth and efficiency through innovation.
