THE
GUERNSEY
INSTITUTE

- Regulatory Research

- Governance Workflows

With a focus on improving efficiency and consistency while maintaining confidentiality, control and defensibility. It will address how AI-supported outputs can remain auditable and aligned with regulatory expectations.

The emphasis is on Governance Hygiene, Evidence and Accountability and how AI can assist with:

- Board packs

- Minutes

- Action tracking and follow-ups

This will include live practical demonstrations and discussion of common risks, including data handling, over-reliance and informal use.

Benefits

Delegates will leave with a realistic understanding of where AI fits safely within governance processes.

Next Steps

If you would like to book a place on this course please click on the **'Book Course'** button to the right of this page and login or register for a user account to complete your booking(s). Any queries please do not hesitate to contact us via **admin@gta.gg** or call us on 01481 224570.

If no date is scheduled for this course at the present time please click on the **'Register Interest'** button and login or register for a user account so that we can add you to our course interest register. This register allows us to contact our tutors and finalise dates for a course as soon as we have a few people who have expressed their interest, so the more delegates who register their interest, the sooner we can schedule a particular course.
