Project Management

APM Project Fundamentals Qualification (Online)

Course Details

Price

£1,295.00

Length

2 full days (09:00-17:00)

Course Overview

The online APM Project Fundamentals Qualification is the entry level qualification in the APM suite of project management qualifications and is the perfect course to take for anyone wishing to know the basics in project management. Using the globally renown APM 'body of knowledge' (APMBoK), as its reference point, this course is perfect for anyone wanting to make a positive contribution to any part of the project team.

This course is delivered virtually through the GTA, tutor led in real time.

Please note that if this course is being delivered face to face the deadline for applications is 10 days prior to the course start date.

Course Content

The qualification will cover the following:

- Project Management and the operating environment

- Project lifecycle

- Management structures by which projects operate

- Project management planning

- Scope management

- Scheduling and resource management

- Risk management and issue management

- Project quality management

- Communication

- Leadership and teamwork

The course is followed by a 1-hour multiple-choice examination.

Benefits

Completion of the qualification will enable you to:

- Describe a project's context and the relationship of this with project management

- Describe ways in which projects can be monitored and controlled

- Describe project success criteria and benefits

- Carry out a work breakdown of a project as a first component of planning

- Carry out a stakeholder analysis and describe ways in which they can be managed

- Correctly identify the roles involved in project management

- Support and contribute to a successful project outcome

- Prepare for the APM Project Fundamentals Qualification (PFQ) exam
