## Course Overview

This course will help you understand why corporate governance is a key driver in delivering the right outcomes for organisations, assisting in meeting corporate objectives. Regulators view corporate governance as a good indicator of a firm's culture of compliance; good governance is likely to indicate good culture.

This online course will help you:

- Get to grips with the purpose, key success factors and risks associated with governance
- Understand the impact of good governance on the success of organisational strategy
- Access and design frameworks that serve your firm's objectives and improve performance
- Evaluate the impact of the digital revolution on governance and future developments

**Flexible learning that works for you**
