Proudly part of  
 THE GUERNSEY INSTITUTE

Content covered includes:

- Key concepts in the ITIL 4 framework that build upon Lean, Agile, DevOps and other practices, and how these enable business value to be co-created
- The seven guiding principles of ITIL 4
- ITIL service value system
- The four dimensions of service management
- The ITIL practices with a focus on 15 of these, of which 7 will be covered in detail

The course comprises interactive learning sessions, exercises that reinforce the knowledge gained and practice exam questions.

In preparation for taking the certificate exam on the final day, you will need to spend 90-120 minutes each evening on revision and example examination questions.

## Benefits

ITIL 4 Foundation introduces you to the Service Value System (SVS) which describes how all the components and activities of the organisation work together as a system to enable value creation. The ITIL SVS supports many work approaches, such as Agile, DevOps and Lean as well as traditional process and project management, with a flexible value-oriented operating model.
