

Digital Skills

# Microsoft Excel – Advanced: Formulae

## Course Details

### Price

£215.00

### Start date

29 June 2026

### Length

Half day (09:00-13:00)

### CPD Points

4.00

## Course Overview

This half-day course is designed to assist those wishing to learn advanced Formulae of Microsoft Excel.

Delegates will learn to use VLOOKUP's, HLOOKUP's, error checking in Formulae, Protecting Cells and Validation Techniques.

## Content

The course will cover the following topics:

- Naming Cells
- VLOOKUPS and HLOOKUP
- Troubleshooting Errors

**Flexible learning that works for you**

E: [admin@gta.gg](mailto:admin@gta.gg) | T: 224570 | W: [gta.gg](http://gta.gg)

- Protection
- Data Validation
- If, And, Or, Nested IF Formulae

## Benefits

This course will equip delegates with a sound advanced level knowledge of Excel and is the third of our Excel series, the others being Excel Beginners, and Excel Intermediate.

## Prerequisites

Ideally you will have completed the 'Intermediate' module or have a good working knowledge of other Excel versions to begin with.

## Next Steps

If you would like to book a place on this course please click on the **'Book Course'** button to the right of this page and login or register for a user account to complete your booking(s). Any queries please do not hesitate to contact us via [admin@gta.gg](mailto:admin@gta.gg) or call us on 01481 721555.

If no date is scheduled for this course at the present time please click on the **'Register Interest'** button and login or register for a user account so that we can add you to our course interest register. This register allows us to contact our tutors and finalise dates for a course as soon as we have a few people who have expressed their interest, so the more delegates who register their interest, the sooner we can schedule a particular course.
