

Digital Skills

# Microsoft Excel – Intermediate: Data Analysis

## Course Details

### Price

£215.00

### Start date

16 June 2026

### Length

Half day (09:00-13:00)

### CPD Points

4.00

## Course Overview

This half-day course is designed to assist those wishing to advance their knowledge of Data Analysis within Microsoft Excel.

Delegates will learn how to use Pivot Tables, Advanced Filters, Group Data, Text to Columns, and useful Analytical Formula.

## Content

The course will cover the following topics:

- Subtotals
- Pivot Tables and Pivot Charts
- Advanced Filters

**Flexible learning that works for you**

E: [admin@gta.gg](mailto:admin@gta.gg) | T: 224570 | W: [gta.gg](http://gta.gg)

- Grouping Data
- Text to Columns
- Cleaning Data
- Analytical Formulas (Proper, Upper, Lower, Trim, Left, Right, Mid)

## Benefits

This course will equip delegates with sound knowledge of the Data Analysis features of Excel, using real life examples, and is the second in our Excel Series.

## Prerequisites

Ideally you will have completed the 'Beginners' module or have a good working knowledge of other Excel versions to begin with.

## Next Steps

If you would like to book a place on this course please click on the **'Book Course'** button to the right of this page and login or register for a user account to complete your booking(s). Any queries please do not hesitate to contact us via [admin@gta.gg](mailto:admin@gta.gg) or call us on 01481 224570.

If no date is scheduled for this course at the present time please click on the **'Register Interest'** button and login or register for a user account so that we can add you to our course interest register. This register allows us to contact our tutors and finalise dates for a course as soon as we have a few people who have expressed their interest, so the more delegates who register their interest, the sooner we can schedule a particular course.
