Course Details

Price

£2,495.00

Length

4 full days (09:00-17:00)

Course Overview

The Managing Successful Programmes (MSP®) qualification is aimed at project, programme and business change managers who are delivering change into their organisations by managing a collection of projects and ensuring the benefits are achieved.

If your organisation is going through these then MSP® (Managing Successful Programmes) should be on your radar. It is all about transformation and big change. It is the guidance that provides and maintains a strategic view over the set of projects, aligning and co-ordinating them within a programme of business change in support of specific business strategies.

This online course is suitable for any organisation or individual seeking the need for a controlled approach to managing its programmes. MSP® has recently been updated to 5th edition.

This course is delivered virtually through the GTA, tutor led in real time.

Please note that if this course is being delivered face to face the deadline for applications is 10 days prior to the course start date.

Benefits

Foundation: The **MSP Foundation** certification introduces the Managing Successful Programmes (MSP) method and terminology. Foundation certification ensures you understand the MSP guidance well enough to work in a team to deliver or manage a programme. It confirms that you can act as an informed member of a programme office, business change team or project delivery team working within an environment supporting MSP.

Practitioner: The **MSP Practitioner** certification is aimed at project managers, business change managers (BCMs), and people working within a Programme Office (PO) or in a specialist or governance position. It demonstrates your ability to understand and apply the MSP principles, governance themes, and transformational flow processes when managing a programme. The MSP® Practitioner course explores practical application of the approach with real-world scenarios.
