- Interactive exercises, tasks and games to consolidate the learning
- Extensive exam approaches module to support the 'Objective Testing' Practitioner exam
- Progress reporting facility, Online support forums and chat (online)

How long should I study for?

To complete the Introduction level competency, we recommend about 5 hours for learning and reflection. 20 hours for Foundation level and about 30 hours (cumulative) for Practitioner level study and qualification. This study will be a mixture of computer-based training using the e-Learning platform, reference to the MSP® manual and other support documents and completion of the practical tasks and tests. Depending on other commitments, you will require anything from 2 weeks to 6 months to complete this learning.

Purchasing this product provides you with a license to use PRINCE2 Agile® Passport for a period of 6 months from the date of purchase. During this period the product is supported to ensure that the content is consistent with the method syllabus. The e-Learning platform and exams are valid for 6 months from the date of the initial purchase.

Benefits

This course will broaden your understanding of all of the key agile concepts and how these blend seamlessly into the PRINCE2® methodology. It will give you the flexibility to work with both ever-evolving solutions and those that are clearly defined in detail.

Agile methods can allow organisations to realise the benefits of products and potentially an earlier return on investment while products are being developed and improved. Through improved communication using common terminology across PRINCE2® and PRINCE2 Agile® disciplines you will now learn how to seamlessly integrate both methodologies.

This course will be of interest to Programme Managers with MSP® who need to understand how projects relate to the delivery mechanism.

Why Passport self-study?

- It provides flexibility for those wishing to study at a time, pace and place convenient to them
- A flexible choice of different options and packages is available (Introduction, Practitioner, exam bundles, online/classroom exams)
- A cost-effective solution for both individuals and organisations
- People who study using Passport products achieve a higher score in the Foundation exam
- Browser-based online software gives you the freedom to access it 24/7 from any location in the world, using a variety of devices.
