Course Overview

Contentious probate and trust cases are on the rise. Family structures are ever more complicated, with an increased number of second marriages and cohabiting couples, but also demographic changes – most notably the growing ageing demographic – and a rise in cases of dementia. This course, developed by expert practitioners, gives you the tools you need to deal more effectively with this type of work.

Course Content

The course combines technical knowledge with practical application of the law and procedures involved, giving you a solid foundation of knowledge in dealing with contentious estates on which to build further expertise. The course comprises the following modules:

..:GTA

- · Disputed wills
- · Interpretation, rectification, and construction of wills
- · Administration disputes
- · Inheritance Act 1975 claims
- · Settlement and compromise of claims
- Insolvent estates
- · The Court of Protection and statutory wills
- · Claims against professionals
- · International succession disputes
- · International administration disputes
- · Forced Heirship claims
- Costs
